

Dear FCC:

In our community, there are no other resources like K-Love Radio. This station is such an asset to our daily health and well-being, that there would be a noticable hole in our lives if it were gone. It serves us in the best way by providing continuous encouragement and support for a significant number of listeners in our community. This station's message is positive and supports healthy, wholesome values which has prevented teen suicide, drug abuse, and depression, in addition to guiding lost young people and adults to live a better life. We strongly believe that K-LOVE is necessary for sustaining a strong, healthy culture now and for many years to come. Thank you for considering our comments and for your support of this wonderful radio program.

Shawn Houghton, College Professor
